

TOULIPA RED

RED WINE

ARTISANS VIGNERONS TOULIPA RED

VINEYARDS: Produced from selected vineyards in Naoussa and Imathia, this Northern Greek red combines regional character with an approachable international-style blend.

SOILS: Varied vineyard soils across Naoussa and Imathia contribute structure, aromatic depth and balance to the final wine.

CLIMATE: The continental climate of Naoussa and Imathia, with warm days and cool nights, supports steady ripening and enhances the fresh red fruit and natural acidity in the blend.

VINIFICATION: Xinomavro and Syrah are harvested and vinified separately. After destemming and a light crush, each variety undergoes controlled alcoholic fermentation in stainless-steel tanks, with gentle pump-overs to extract color and structure without harsh tannins. Malolactic fermentation follows in tank. The two wines are then blended and aged exclusively in stainless steel—no oak—preserving fresh red-fruit character, acidity, and varietal purity before bottling.

TASTING PROFILE: Fruit-forward and vibrant, Toulipa Red shows red and dark fruit aromas with a spicy nose, a smooth palate and fine tannins. Xinomavro brings freshness and identity, while Syrah adds softness, colour and aromatic depth. The finish is balanced, dry and food-friendly.

TYPE:

RED DRY WINE

CATEGORY:

NAOUSSA & IMATHIA, GREECE

VARIETY:

XINOMAVRO / SYRAH

ALCOHOL:

13.0%
